Election Committee

The UAIA's election committee should aim to plan their operations in this following manner:

- Keeping continual contact between the election committee and the Presidium.
- Start the interviewing process around the end of April/ start of May.
 - However, if the Annual Election Meeting is held earlier in May, this may be pushed back to an earlier starting point that allows for adequate time to process applications and create a list of nominations.
- Aim to finish and have a completed list of candidates a week before the Annual Election Meeting.
